

Successful Research Grant Applications for 2013 funding

Researcher			Institution	Project Title	Amount Awarded
Abayomi	Emmanuel	Prof	University of Stellenbosch, Tygerberg Hospital	<i>Epidemiological evaluation of patients presenting with HIV related lymphomas (HRL) and understanding the relationship of Anti Retroviral treatment policy and uptake with the incidence of HRL over two consecutive 5 year study periods at Tygerberg Hospital, Western Cape, South Africa</i>	R150 000
Africander	Donita	Dr	University of Stellenbosch	<i>Putative chemo-preventative properties of bio-identical hormones</i>	R100 000
Babb	Chantal	Dr	MRC/NHLS	<i>Prostate cancer in black South African men, extending replication of genome wide association study findings</i>	R150 000
Cubasch	Herbert	Dr	WITS & Chris Hani Baragwanath Hospital	<i>Down-staging and improving survival of breast cancer in South Africa</i>	R150 000
Engelbrecht	Anna-Mart	Prof	University of Stellenbosch	<i>Can melatonin prevent the onset of breast cancer in a mouse xenograft model?</i>	R150 000
Joubert	Annie	Prof	University of Pretoria	<i>Investigation into the antitumor activity of novel in silico-designed estradiol analogues</i>	R150 000
Kaschula	Catherine	Dr	University of Cape Town	<i>Investigations into the immuno-enhancing effects of garlic and garlic organosulfur compounds in the prevention of cancer</i>	R150 000
Krygsman	Annadie	Dr	University of Stellenbosch	<i>Can simple dietary modification by restriction of carbohydrate and/or omega-6 fatty acids prevent breast cancer development in the urban South African context?</i>	R150 000
Nell	Theo	Dr	University of Stellenbosch	<i>Cancer risk during urbanisation: metabolic syndrome and cancer</i>	R150 000
Nikitina	Natalya	Dr	WITS	<i>Insights into innate cancer resistance mechanisms using naked mole rats as a model</i>	R100 000
Rybicki	EP	Prof	University of Cape Town	<i>Production of HPV L1/L2 chimaeric VLP vaccines in plants and insect cells for broad protection against cervical cancer</i>	R150 000
Swart	Amanda	Prof	University of Stellenbosch	<i>The influence of Rooibos on androgen metabolism in normal and cancer prostate cells</i>	R150 000
Van Heerden	Willie	Prof	University of Pretoria	<i>Detection of Genetic changes in Oral Carcinogenesis by DNA Microarray Analysis</i>	R150 000
Williamson	Anna-Lise	Prof	University of Cape Town	<i>Investigation of the impact of the vaginal microbiota on human papillomavirus infections</i>	R150 000
