CANSA SUPPORT GROUPS

*A Caring Community
for those Affected
by Cancer*

Cancer Survivors
(living with, living through
& living beyond cancer)
you are **NOT** alone!

All Survivors in South Africa should have the opportunity to join a caring, supportive community, where their needs can be addressed, and to improve their quality of life.

CANSA also invites **Survivors** who would like to **encourage fellow Survivors** in their own community, to **start a local CANSA support group**.

Join a caring community
Join your local CANSA Support Group
